

Flipkart Functional Breakdown in Agile Format

Epic 1: User Account Management

Feature 1.1: User Registration & Login

- **User Story 1.1.1: New User Sign-Up**

As a new user, I want to sign up using my mobile number or email so that I can create an account.

- Task: Design sign-up form
- Task: Implement OTP/email verification
- Task: Save user data securely in DB

- **User Story 1.1.2: Returning User Login**

As a returning user, I want to log in using OTP/password so I can access my account.

- Task: Design login form
- Task: Integrate login API
- Task: Implement session/token management

Feature 1.2: Profile Management

- **User Story 1.2.1: Edit Personal Profile**

As a user, I want to update my personal details so my account stays accurate.

- Task: Add editable form for user details
 - Task: Connect form to update API
 - Task: Implement validation
-

Epic 2: Product Browsing & Search

Feature 2.1: Product Listing

- **User Story 2.1.1: Browse Products by Category**

As a user, I want to browse products by category so I can find what I need easily.

- Task: Build category menu
- Task: Display products by category
- Task: Paginate product results

Feature 2.2: Search and Filters

- **User Story 2.2.1: Search Products Using Keywords**

As a user, I want to search for a product using keywords so I can find it quickly.

- Task: Implement search bar
- Task: Integrate search API
- Task: Show real-time suggestions

- **User Story 2.2.2: Apply Product Filters**

As a user, I want to filter products by price, brand, and rating so I can refine my search.

- Task: Add filter UI
 - Task: Apply filters to product API
 - Task: Update results dynamically
-

Epic 3: Product Details & Reviews

Feature 3.1: Product Detail Page

- **User Story 3.1.1: View Product Information**

As a user, I want to view product specs and images so I can make informed decisions.

- Task: Display product info
- Task: Show image carousel
- Task: Include specifications and FAQs

Feature 3.2: Reviews & Ratings

- **User Story 3.2.1: Read Product Reviews**

As a user, I want to see product reviews so I can judge its quality.

- Task: Fetch reviews from DB
 - Task: Display average rating
 - Task: Add option to sort reviews
-

Epic 4: Cart & Wishlist Management

Feature 4.1: Add to Cart

- **User Story 4.1.1: Save Items in Cart**

As a user, I want to add products to my cart so I can buy them later.

- Task: Implement “Add to Cart” button
- Task: Store cart items in session/DB
- Task: Show cart icon count

Feature 4.2: Wishlist

- **User Story 4.2.1: Add Items to Wishlist**

As a user, I want to save items to my wishlist so I can buy them in the future.

- Task: Add “Add to Wishlist” button
 - Task: Create wishlist API
 - Task: Display saved items
-

Epic 5: Checkout & Payments

Feature 5.1: Address Management

- **User Story 5.1.1: Save Multiple Addresses**

As a user, I want to save multiple addresses so I can choose one during checkout.

- Task: Add address form
- Task: Save address to user profile
- Task: Implement edit/delete functionality

Feature 5.2: Payment Integration

- **User Story 5.2.1: Make Online Payment**

As a user, I want to pay using card/UPI/wallet so I can complete the order.

- Task: Integrate payment gateway
 - Task: Secure payment data
 - Task: Handle success/failure callbacks
-

Epic 6: Order Management

Feature 6.1: Order Tracking

- **User Story 6.1.1: Track My Orders**

As a user, I want to track my orders so I know their delivery status.

- Task: Connect with delivery API
- Task: Show order status on user dashboard

Feature 6.2: Order History

- **User Story 6.2.1: View Past Orders**

As a user, I want to see my past orders so I can reorder or return items.

- Task: List all previous orders
 - Task: Enable “Reorder” and “Return” options
-

Epic 7: Returns & Refunds

Feature 7.1: Return Requests

- **User Story 7.1.1: Return Ordered Items**

As a user, I want to return an item within return window so I can get a refund.

- Task: Add “Return” button
- Task: Validate return eligibility
- Task: Update order status

Feature 7.2: Refund Processing

- **User Story 7.2.1: Receive Refund**

As a user, I want to get refunded to my original payment method.

- Task: Trigger refund API
 - Task: Notify user via SMS/email
-

Epic 8: Admin & Inventory Management

Feature 8.1: Product Upload & Inventory

- **User Story 8.1.1: Admin Adds New Product**

As an admin, I want to upload new products with details.

- Task: Build admin UI
- Task: Add form validations
- Task: Update inventory DB

Feature 8.2: Order & User Management

- **User Story 8.2.1: Admin Manages Orders & Users**

As an admin, I want to manage orders and users to ensure smooth operation.

- Task: View/manage user database

- Task: Update order statuses
- Task: Generate reports

Azure DevOps Portal View

EPIC:

As previously announced in our blog, we are transitioning to new IP addresses. If you have not done so already, please update your firewall allowlists with new IP address ranges of Azure DevOps Services. For detailed information and the latest updates, visit our [status page](#).

Work items

ID	Title	Assigned To	State	Area Path
92	👑 Search and Filters	Varshini M	New	Flipkart
86	👑 Product Listing	Varshini M	New	Flipkart
80	👑 Profile Management	Varshini M	New	Flipkart
71	👑 User Registration & Login	Varshini M	New	Flipkart

User Story:

The screenshot shows the Azure DevOps interface for the 'Flipkart' project. The left sidebar contains navigation links: Overview, Boards, Work items (selected), Backlogs, Sprints, Queries, Delivery Plans, Analytics views, and Repos. The main area displays a list of 'Work items' under the 'User Story' type. A notification banner at the top states: 'As previously announced in our blog, we are transitioning to new IP addresses. If you have not done so already, please update your firewall allowlists with new IP address ranges of Azure DevOps Services. For detailed information and the latest updates, visit our [status page](#).' The table below lists six user stories, all assigned to 'Varshini M' and in the 'New' state.

ID	Title	Assigned To	State	Area Path
97	Apply Product Filters	Varshini M	New	Flipkart
93	Search Products Using Keywords	Varshini M	New	Flipkart
87	Browse Products by Category	Varshini M	New	Flipkart
81	Edit Personal Profile	Varshini M	New	Flipkart
76	Returning User Login	Varshini M	New	Flipkart
72	New User Sign-Up	Varshini M	New	Flipkart

Tasks:

The screenshot shows the Azure DevOps interface for the 'Flipkart' project, displaying a list of 'Work items' under the 'Task' type. The left sidebar is identical to the previous screenshot. The main area shows a list of seven tasks, all assigned to 'Varshini M' and in the 'New' state.

ID	Title	Assigned To	State	Area Path
100	Update results dynamically	Varshini M	New	Flipkart
99	Apply filters to product API	Varshini M	New	Flipkart
98	Add filter UI	Varshini M	New	Flipkart
96	Show real-time suggestions	Varshini M	New	Flipkart
95	Integrate search API	Varshini M	New	Flipkart
94	Implement search bar	Varshini M	New	Flipkart
91	Paginate product results	Varshini M	New	Flipkart
